### Bike Lanes Are For Bicycles Only It's The Law!

We are noticing an increase in scooters being ridden inside of bicycle lanes by residents and tourists. Florida State Statute is clear that **bicycles ONLY**, can occupy a designated bicycle lane.

Citizens riding scooters must remain in the general travel lanes with the flow of traffic and are not permitted by law to pass on the right where bicycle lanes are located.

Help us keep our bicycle lanes clear and roadways safe.

## Lock Your Scooter

### Don't Give Thieves A Chance

Scooters are a fun and economical method of transportation around the city. Unfortunately, due to their size and mobility they are often targeted. Here are several tips you can take to prevent your scooter from being stolen.

- Park your scooter in a well-lit area.
- Secure your scooter and lock the steering.
- Use more than one lock and different ones. This will deter the thief from attempting to tackle multiple locks. Ensure the rear tire has a lock that will deter the scooter from being moved at all.
